*FYI*

Although the letter to the DCI from the Director of OEO states that the Catalog of Federal Assistance Programs "could never have been produced without the cooperation of your Agency," several inquiries of possible cooperating components (including PSD) indicated we were of no help to OEO. Consequently, I contacted Mr. John Johnson, head of the OEO Information Center and learned that the letter was sent to all Cabinet-level officials inasmuch as all agencies except NSA and CIA made some contribution.

As to "a sizeable quantity will be automatically furnished to your Agency for distribution," Mr. Johnson said not to be concerned as they wouldn't be sending us any more unless we requested them when we are contacted.

Although the catalog seems to be of limited value to the Agency, the Library and the Documents Division thought they might be able to use one each, and I suggest we let them have the two copies and file the letter in the Registry.
